Chapter 1 by Carter Curti

I know what your thinking. My name is Joseph Crocker, and I literally know what your thinking. Today is December 17, 2017. When I was ten years old, I woke up and felt as if my head had been run over by a truck. Have you ever heard a dog whistle, or a really high pitched sound? That's what I heard, but a thousand times worse. There was also everything my neighborhood was thinking at the same time. It took me a full hour to get my head back to normal, and control the thoughts. That's when I realized what I could do. I'm going tell you my entire story from the moment I got my powers to now, not because I want to, but because the world needs me too.

Chapter 2 by JM

Right now, you're thinking that I'm full bullsquark--nice word, by the way, clever--and... god did I really miss a patch of stubble on my chin? See, I really wasn't myself this morning.

Oh, look at that, you're starting to believe me. Nice. I didn't want to dig too deep into your thoughts. Who knows what I'd find in there, right?

... Crap, that was a terrible question. Please stop thinking about things you don't want me to find out. For the good of us both.
